

Tetris Instructions

Objective: Fill up and eliminate lines in order to score points, gain line eliminations and level up.

The Shapes: Tetris consists of 8 different shapes.

Line: 

Square: 

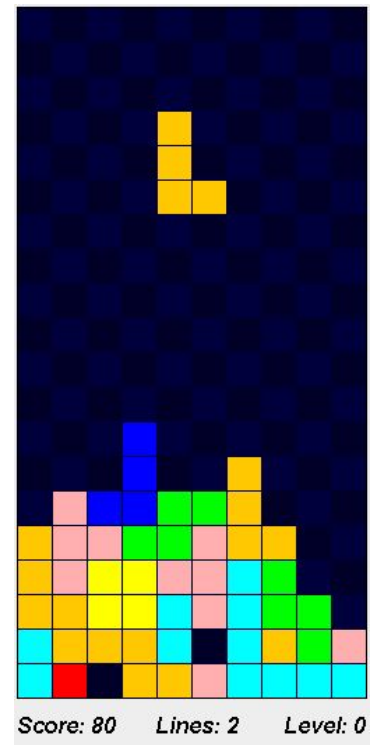

L-Piece: 

J-Piece: 

T-Piece: 

Z-Piece: 

S-Piece: 

Eliminating Lines: Lines are eliminated when an entire row is filled with any part of any shape.

Leveling up: Every 10 line eliminations is a level up. The higher the level the faster the pieces fall.

Losing: The game ends once shape which is about to spawn overlaps with an existing shape, so don't let your shapes get too high!

Controls:

- A** - Move shape to the left
- D** - Move shape to the right
- K** - Rotate shape
- Space** - Quick drop
